NETWORKING & SYSTEM ADMINISTRATION LAB

Experiment No.: 3

Name: **Devika Sahadevan**

Roll No:46

Batch:MCA A

Date:20/3/2022

Aim

You are given a computer with very low hardware res

## Procedure

If we are confused about the function of certain Linux commands, we can easily learn how to use them right from Linux's shell by using the man command. For instance, entering man tail will show the manual instruction of the tail command.
